PROFESSIONAL OBJECTIVE

Eager to contribute to team success through hard work, attention to detail, and strong organizational skills. Proficient in managing high-pressure situations and motivated to embrace new challenges that foster continuous learning and professional growth

PROFESSIONAL EXPERIENCE

NOTA-NOTA company

2023 April - Present

Software developer

My role involved developing both frontend and backend applications, integrating systems and platforms to ensure seamless functionality across all components. I was responsible for managing the technical aspects, which included designing user interfaces, conducting thorough testing, and automating key processes to improve efficiency. By leveraging modern technologies, I optimized workflows and facilitated better collaboration across teams. Ultimately, my work contributed to improved application performance, enhanced user experience, and streamlined project delivery

Hackathonat

May 2023 - Aug 2023

Web development Intern

My primary focus was on developing and conducting user experience testing, data analysis, and report preparation. I utilized modern Python libraries for data collection and analysis, along with Next.js for web development.

EDUCATION

Bachelor of Science in Computer Science

Saudi Electronic University

Diploma in Programming Technology Sciences

Al-Imam Muhammad Ibn Saud Islamic University
